

Luvata Welwyn Garden City Environmental Policy

Founded in 1981 Luvata Welwyn Garden City is a leading manufacturer of resistance welding electrodes to the automotive industry. Equipped with a strong team of customer focused technical sales engineers and extensive metallurgical, cold forming and machining expertise.

Luvata Welwyn garden City is committed to protecting the local and global environment of the earth.

To minimize environmental impacts concerning our activities, products and services, we shall:

- Comply with applicable legal and other requirements relating to the company environmental aspects.
- Include consideration of environmental issues in all business strategies and initiatives.
- Endeavour to influence suppliers and customers in a similar strategic environmental manner.
- Prevent pollution, reduce waste and minimise consumptions of environmental resources.
- Consider the wider global impact of our activities including those of our suppliers, customers and stakeholders.
- Educate, train and motivate employees to carry out tasks in an environmentally responsible manner and ensure that a continuous professional environmental development strategy remains core to our business goals.
- Encourage environmental protection among suppliers and subcontractors
- Encourage and enhance biodiversity and ecology.

Luvata WGC senior management are committed to ensure that protection of the environment is firmly embedded in both the company and employee's culture.

This Policy will be communicated to all existing staff and new starters as part of induction, contractors and suppliers and be available to the public through selected media.
