

Luvata Welwyn Garden City Quality Policy

Luvata WGC has generated this Quality Policy to ensure compliance with clause 5.2 of ISO 9001 standard, this policy aims to drive a framework in which the yearly Quality objectives can be set driven from.

Luvata's vision is to be a trusted manufacturing partner shaping metal solutions at the highest quality. To ensure this the company is committed to:

- Ensuring all personnel are aware of their impact of Quality and Safety.
- Embodying a 5S methodology throughout the business
- Continually improving the effectiveness of the management systems and setting/reviewing objectives in the management reviews.
- Nurturing a 'Just Culture' where errors, non-compliances, incidents and near misses are freely reported and the ethos of Safety, Right First Time, and Environmental Protection are embedded throughout the organisation.
- A 'Right First Time' principle, that ensures a good use of all available resources to perform correct maintenance at the first attempt
- Ensuring Luvata continually meet and exceed their customer requirements
- Luvata WGC ensure they comply with all statutory and regulatory requirements
- A continuous learning environment, ensuring QEHS principles remain a key deliverable for the Luvata team.
- Communicating this policy to all employees and stakeholders.
